OUR
STORIES

Meet the Sea-Doo Ambassadors

We come from all walks of life, but feel most at home on the water. There's nowhere we'd rather be than riding waves, with the sun beaming down on our face and sand in our hair. In our mind, a mouthful of water is nothing but a clear sign of a successful day. The Sea-Doo Life takes many forms, but we all come alive behind those handlebars. We are Sea-Doo ambassadors.

SPORT FISHING

Eyes on the prize! The Sports Fishing Sea-Doo models take high-performance sport fishing to new heights. Join the exclusive club of anglers who love fishing as much as the ride to get to their destination.

Never Lose at Go Fish

Sea-Doo gives anglers of all kinds a new way to fish. With versatile fishing-specific features worthy of a fishing boat like fishing coolers for your catch or rod holders, and a Garmin¹ GPS and fish finder, these stable personal watercraft keep your bait close and the fish closer.

Responsible Fishing

BE RESPECTFUL

As a member of the Sea-Doo fishing community, it is your responsibility to respect other fishers and boaters so waterways remain open for fishing. Join us in being a great ambassador for the sport!

FOLLOW FISHING AND BOATING REGULATIONS

This is one of the most important things we can do as fishers. Every region has its own regulations; it is your responsibility to read, understand, and follow them.

DON'T FISH NEAR SWIMMING AND BEACH AREAS

Avoid fishing near public and private swimming and beach areas so you don't leave sharp lures where people play.

HANDLE FISH WITH CARE AND RELEASE QUICKLY

If you're catching and releasing, handle the fish delicately and release it as soon as possible. Don't keep them out of the water for too long, and make sure to hold them horizontally when taking a picture.

PRACTICE CARBON-CONSCIOUS FISHING

Your Sea-Doo is equipped with ECO® Mode, which automatically limits engine power so the engine runs at the most efficient level. This saves fuel and reduces emissions.

DRAIN AND CLEAN YOUR WATERCRAFT AFTER EVERY TRIP

Traveling to different waterways is a great way to enjoy fishing, but it can lead to unintended consequences, most notably the introduction of invasive species. Remove any vegetation from your Sea-Doo, get rid of mud, and drain your bilge, cooler, and any other area that may be holding water. You should also consider drying and disinfecting your watercraft to make sure it is ready for the next launch.

PICK UP YOUR TRASH

Do your part in keeping the waters clean for all.

SWITCH CRUISE

The latest Switch pontoon elevates its category to new heights. A 230 hp engine and splashy tech upgrades help the Switch Cruise leave its mark on the water - at a leisurely pace, of course.

Switch on Summer Fun

Make days on the water uniquely your own with the endlessly customizable Sea-Doo Switch Cruise! This thrilling yet refined ride is your ticket to elevated water adventures for your whole crew, all summer long.
