

2017 PERFORMANCE GTR™ 230

This watercraft is one of the easiest ways to get into the musclecraft scene. It comes with a new and powerful supercharged 230-hp Rotax engine and offers the best value of any performance watercraft.

RIDER CAPACITY

3

Weight capacity	600 lb / 272 kg

Black & Octane Blue ab

iTC | iBR | CLCS | ECO

DIMENSIONS

Fuel capacity	15.9 US gal / 60 l
Length	132.6" / 336.8 cm
Width	48.5" / 123.1 cm
Weight (dry)	807 lb / 367 kg
Storage capacity	30.8 US gal / 116.6 l

HULL

Type	GTI

- Medium-sized platform
- Moderate V hull
- Forgiving and nimble

ENGINE

Type	Rotax 1500 HO ACE
Intake system	Supercharged with external intercooler
Displacement	1,494 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR
Starter	Electric
Fuel type	87 octane

ROTAX® 1500 HO ACE™ ENGINE

HIGH-PERFORMANCE VTS™ (VARIABLE TRIM SYSTEM)

iBR® (INTELLIGENT BRAKE & REVERSE)

DRIVING CENTER WITH ECO™ MODE

FRONT STORAGE

FRONT STORAGE TRAY (OPTION)

GTR 230

ENGINE

1,494 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder	Equipped with Advanced Combustion Efficiency (ACE) technology, this new engine with maintenance-free supercharger and external intercooler is optimized for regular fuel, faster and more powerful than its predecessor, but just as fuel efficient.
iTC™ (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
Touring mode / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Touring seat	Ergonomically designed for comfort and great looks providing ultra-plush seating for three – permits rear-facing spotter for watersports.
High-performance VTS (Variable Trim System)	The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water. The high-performance VTS provides pre-set positions for quick settings.
RF D.E.S.S.™ Key	With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
Interactive Multifunction Digital Information Center	VTS preset, Fuel consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.

Handlegrips with palm rest	Seat strap
Sponsons	Elevated fuel filler
Bumpers	Front splash deflector
Wide-angle mirrors	Dual drain plugs
Tow hook	Flush kit
Footwell carpets with Sea-Doo logo pattern	Emergency floating lanyard
Swim platform carpet with Sea-Doo logo	Operator's guide, instructional video and booklet
Rear grab handle	

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner[1] for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

Reboarding Ladder
Retractable Ski Pylon
Wakeboard Rack
Depth Finder
Ski Module
X package module (Time / distance to empty, Top / average speed / RPM, Lap timer and Engine temperature)
Sea-Doo Speed Tie™
Dry Bag
Ski Tow Eye
Front Storage Tray
12-Volt Outlet and Installation Kit
Safety Equipment Kit
Bilge Pump Kit
Sandbag Anchor
Fire Extinguisher
Snap-in Fenders and Installation Kit
Sea-Doo Move Trailer
Watercraft Cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
