

2017 PERFORMANCE

RXT®-X® 300

Built for large bodies of water, rougher conditions, with the 300-hp Rotax 1630 ACE engine and Ergolock system. Your legs "lock in" to the machine for added control. Experience performance riding and go from 0-60 mph (0-96.6km/h) in 3.8 seconds.

RIDER CAPACITY

3

Weight capacity	600 lb / 272 kg

DIMENSIONS

Fuel capacity	15.9 US gal / 60 l
Length	139.2" / 353.5 cm
Width	48.2" / 122.4 cm
Weight (dry)	914 lb / 415 kg
Storage capacity	42.8 US gal / 162 l

HULL

Type	S³

- Longer platform
- Rough water inspired deep-V hull
- Stable and predictable

ENGINE

Type	Rotax 1630 ACE
Intake system	Supercharged with external intercooler
Displacement	1,630 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR®
Starter	Electric
Fuel type	87 octane – minimum 91 octane – recommended

ROTAX® 1630 ACE™ ENGINE

ERGOLOCK™ SYSTEM

ADJUSTABLE REAR SPONSONS

TILT STEERING

X-GAUGE WITH BOOST INDICATOR

FORCE PULLOVER PFD X-TEAM NEOPRENE RIDING JACKET (OPTION)

RXT-X 300

ENGINE

1,630 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder	The most powerful Rotax engine ever has a maintenance-free supercharger with an external intercooler and the Advanced Combustion Efficiency (ACE) technology, delivering high efficiency and amazing acceleration.
iTC™ (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
S^3 Hull®	Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.
Touring mode / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Ergolock system	Combination of ergonomic features allow amazing control while cornering with less upper body fatigue. It features a narrow racing seat with knee grab design, adjustable handlebars and angled footwells that allow you to "lock in" when cornering hard. This results in faster turns and more time on the water.
High-performance VTS™ (Variable Trim System)	The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water. The high-performance VTS provides pre-set positions for quick settings.
Ski tow eye	For easy and secure attachment of ski rope.
RF D.E.S.S.™ Key	With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
Interactive Multifunction Digital Information Center	VTS preset, Fuel consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.
Handlegrips with palm rest	Swim platform carpet with Sea-Doo logo
Bumpers	Rear grab handle
Wide-angle adjustable mirrors	Seat strap
Large front storage compartment	Quick latch fuel filler design
Watertight, removable storage bin	Dual drain plugs
Hinged seat	Flush kit
Tilt steering	Emergency floating lanyard
Footwell carpets with Sea-Doo logo pattern	Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner[1] for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

X PACKAGE

X-Handlebars with A.E.S.™ (Adjustable Ergonomic Steering)	The only fully adjustable handlebar in the industry. With A.E.S. the rider can adjust the handlebar width and grip angle for a fully customized ride.
X-Gauge with boost indicator	Shows the boost pressure in real-time from minimum (idle) to max boost pressure (open throttle) at all times so the rider knows the engine load condition.
Adjustable rear sponsons	An efficient design that improves lateral stability. 3-position adjustable for your skill level and riding environment: higher for a more playful free-ride experience or lower for more aggressive turning. Winglet feature enhances lean angles during turning.
Additional gauge functions	Time / Distance to empty, Top / average speed / RPM, Lap timer, Engine temperature.
X-Coloration	

OPTIONS

Reboarding Ladder
Retractable Ski Pylon
Wakeboard Rack
Depth Finder
Ski Module
Sea-Doo Speed Tie™
Dry Bag
Glove Box Organizer Kit
12-Volt Outlet and Installation Kit
Safety Equipment Kit
Bilge Pump Kit
Sandbag Anchor
Fire Extinguisher
Snap-in Fenders and Installation Kit
Sea-Doo Move Trailer
Watercraft Cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
