SEA-DOO®

SEA-DOO: FOR EVERYONE WHO DREAMS OF FUN ON THE WATER.

Sea-Doo® gives every rider the best watercraft experience. That’s because only Sea-Doo designers and engineers develop watercraft with so many industry-exclusive technologies for everyone – from the first-time fun seeker to the experienced open-water racer. You’ll find them across each of our five watercraft segments: Rec Lite, Recreation, Luxury, Tow Sports and Performance.

The Sea-Doo tradition of accessibility, innovation and technology is infused throughout the 2015 lineup. As it has been for more than 25 years. That’s why the Sea-Doo brand is No. 1 in the global watercraft market.¹

LUXURIOUS COMFORT IN ALL CONDITIONS

The Sea-Doo GTX¹ watercraft offer the highest level of luxury, comfort and technology, including our exclusive suspension that isolates riders from the impact of rough water. IF A LUXURY WATERCRAFT IS FOR YOU, VISIT PAGE 30.

THE ONLY WATERCRAFT DEDICATED TO TOW SPORTS

Everybody wants all the fun that comes with tow sports. Only Sea-Doo WAKE™ models are designed specifically to deliver it. IF A TOW SPORTS WATERCRAFT IS FOR YOU, VISIT PAGE 26.

PEAK PERFORMANCE CAN BE YOURS

Get the ultimate ride with our performance models, thanks to proven Rotax® engines, optimum ergonomics and race-inspired features. IF A PERFORMANCE WATERCRAFT IS FOR YOU, VISIT PAGE 36.

SEA-DOO PIONEERS TECHNOLOGY BREAKTHROUGHS. THE INDUSTRY SPENDS YEARS TRYING TO CATCH UP.

THE INDUSTRY'S ONLY SUSPENSION. RIDE LONGER – AND IN MORE COMFORT – WITH THE INDUSTRY-EXCLUSIVE SEA-DOO SUSPENSION.

- Only Sea-Doo watercraft isolate riders from the impact of rough water with 5 to 6 inches (13 to 15 cm) of suspension travel.
- The hull and upper deck move independent of each other, giving riders more cushioning and stability on rough water.
- Three different suspension options let you pick the level of comfort that fits your riding style and the water conditions.

iS Intelligent Suspension – Calibrates automatically based on weight and water conditions. (Available on the Sea-Doo GTX Limited iS™ 260 model)

aS Adjustable Suspension – Manually adjustable, using superior-grade, high-performance shocks made by FOX®. (Available on the Sea-Doo RXT®-X® aS™ 260 model)

S Suspension – Manually adjustable so you can make each ride stiffer or softer. (Available on the Sea-Doo GTX S™ 155 model)

Intelligent Suspension in motion.

- SUSPENSION COMPONENTS
- ▶ iBR COMPONENTS

THE WORLD'S FIRST ON-WATER BRAKE. UNMATCHED CONTROL AND PEACE OF MIND WITH OUR EXCLUSIVE INTELLIGENT BRAKE AND REVERSE (iBR) SYSTEM.

iBR

- For the **seventh year**, our intuitive iBR™ system allows you to stop up to 100 feet (30 m) sooner than other watercraft.¹

- iBR lets you start in neutral. You get increased maneuverability, plus easier launching and docking.
- The brake allows you to keep both hands on the handlebars – and your eyes on the water.
- The U.S. Coast Guard has recognized our braking system for improving boating safety.

¹ Based on BRP internal testing and commercially available competitive models as of August, 2014.

YEAR AFTER YEAR,
SEA-DOO INNOVATION
LEADS THE WAY ON
THE WATER.

WHAT’S IN IT FOR YOU? A BETTER RIDE ONLY ADVANCED TECHNOLOGY AND DESIGN CAN PROVIDE.

Sea-Doo introduces technologies that change how people ride. Our goal is to give riders the best technology and innovation, so they can ride better and have more great days on the water. You’ll enjoy these benefits with our industry-leading engines, simple and powerful security systems, and versatile riding modes that can maximize fuel efficiency, improve tow sports performance or change throttle responses to suit your next ride.

These exclusive technologies are available as indicated on models throughout this brochure.

iTC TECHNOLOGIES OFFER VERSATILITY, PRECISION AND FUEL EFFICIENCY

- iTC**
- Intuitive Intelligent Throttle Control (iTC™) technologies offer a host of benefits. For example, Sea-Doo watercraft start in neutral. So you get safer dockside starts and easy, stress-free maneuverability. And because the throttle responds to an electric signal instead of a cable, the engine is more precisely calibrated and delivers better fuel economy and lower operating costs.
- **ECO™ Mode:** Exclusive to Sea-Doo watercraft. Produces up to 46% improved fuel efficiency.¹ Ride longer and spend less while doing it.
 - **Cruise Control:** Activity-specific controls let you set your speed for cruising, tow sports, navigating no-wake zones and more.
 - **Touring and Sport Modes:** Set different throttle responses to suit your riding style with just the touch of a button.
 - **Ski Mode:** Choose from 5 personalized acceleration profiles for a perfect launch and consistent pace during every ride. Helps make every rider an expert in no time.

¹ Based on BRP internal testing. Fuel consumption varies per model and engine package.

ROTAX ENGINES: LEGENDARY POWER, ONLY FROM BRP

ROTAX®

Quicker acceleration and higher top-end speed provided by BRP Rotax engines. The Rotax 900 ACE and 900 HO ACE engines, available on the Sea-Doo SPARK watercraft, are the most compact and lightweight engines on the market.

CLCS KEEPS OUT CORROSIVE ELEMENTS

CLCS

Only Sea-Doo watercraft feature a Closed-Loop Cooling System (CLCS), which uses coolant to keep the engine running at ideal temperatures, much like a car’s radiator. Closed-loop cooling also keeps out corrosive saltwater and debris, so you’ll be on the water longer.

RF D.E.S.S. KEY GENERATES EASIER STARTS

The new RF D.E.S.S.™ (Digitally Encoded Security System) key allows for quick starts and added security. Now featuring radio frequency technology and a new ball-in-socket design, the updated key with digitally encoded security gives riders easy starts, every time. (Optional on SPARK models and standard on all other models)

HULL DESIGN THAT IMPROVES EVERY RIDING STYLE

SPARK HULL

A shorter, lighter platform with flatter V-shaped hull that’s easy to handle and great for flatter water and small chop, yet can still be used in rougher conditions if you want an exciting and challenging ride. (Available on all SPARK models)

S³ HULL®

Its stepped design is the first – and only – one of its kind. With a longer platform and rough-water-inspired, deep V shape, it is stable, predictable and remains glued to the water in choppy conditions. (Available on GTX, RXT and WAKE PRO 215 models)

GTI HULL

A medium-sized platform with a moderate V-shaped hull, it’s forgiving and nimble for a versatile ride in smooth and moderate water conditions. (Available on the GTS™ 130, GTI, WAKE 155 and GTR 215™ models)

T³ HULL™

Exclusive to the Sea-Doo RXP®-X 260, this hull’s innovative, multi-staged design features a deep V shape that cuts effortlessly through water. Its extreme soft chines in the front allow for more precise cornering and let you lean in at a sharper angle. (Available only on the RXP-X 260 model)

IT'S SIMPLE. SEA-DOO **GIVES YOU MORE** THAN ANY OTHER WATERCRAFT BRAND.

AND WITH SEA-DOO SPARK, WE'VE CREATED THE **MOST ACCESSIBLE** WATERCRAFT IN THE INDUSTRY.

Easy to buy, easy to own, easy to tow. With the Sea-Doo SPARK model, we've created a new category of watercraft – the Rec Lite segment. The result is a value no one else offers.

Starting at \$4,999, the Sea-Doo SPARK costs up to 35% less than the closest competitive model¹ and is the most fuel efficient watercraft in the industry², thanks to the Rotax 900 ACE™ engine and a design that makes it the lightest watercraft on the market.³

In addition to superior fuel efficiency and affordability, it's also easy to tow. A small sedan can easily transport the Sea-Doo SPARK, and storing it in a standard garage is simple.

SEA-DOO WATERCRAFT RUN LONGER, WITH **LESS MAINTENANCE**, THAN EVER BEFORE.

- The Sea-Doo difference keeps getting bigger. It's based on performance that requires less regular upkeep and lets you spend more time on the water.
- ✓ First inspection comes after one full season.⁴
 - ✓ First oil change due up to 100 hours* or one year after purchase.⁵ (*100 hours for Sea-Doo SPARK models and 50 hours for all other models).
 - ✓ No valve clearance adjustments required.
 - ✓ Replace spark plugs only every 200 hours or 2 years.⁵

NEARLY 9 OUT OF EVERY 10 SEA-DOO WATERCRAFT SOLD OVER THE **PAST 10 YEARS** REMAIN IN USE TODAY.⁶

Every watercraft in the Sea-Doo lineup is infused with expertise built from more than 25 years of making good days great on the water. People who buy Sea-Doo watercraft keep riding them year after year, because they get unmatched performance that requires less regular upkeep. Sea-Doo owners ride their watercraft longer because they have so many reasons to ignore the alternatives.

¹ Source: Manufacturer's website. Prices vary according to product specifications. ² Based on BRP internal testing and information on manufacturer's website. ³ Source: Manufacturer's website. ⁴ Based on average consumer usage. Refer to your owner's manual for all maintenance requirements. ⁵ Whichever comes first. ⁶ Based on state boat registrations compiled by Info-Link.

REC LITE

More fun than you've imagined a watercraft could be. From the most affordable watercraft you can buy. The Sea-Doo SPARK watercraft is in a class by itself. The compact, lightweight design – the lightest on the market¹ – makes it playful to ride and easy to maneuver, while also being easy to tow and fit in any garage. And Sea-Doo SPARK watercraft features the Rotax 900 ACE family of engines, which helps make it the most fuel-efficient watercraft available.² Add in a wide range of color and customization options, and you have no reason to wait. With Sea-Doo SPARK, the time for maximum family fun is now.

*SPARK 3up with optional accessories, including
NEW Bull Shark Attitude Graphic Kit*

EXOSKEL™
Minimalist architecture that keeps only the essential structural parts in the front section. It reduces weight while creating a strong, modern and cutting-edge design that defines the unique and playful nature of the Sea-Doo SPARK.

POLYTEC™
Exclusive to Sea-Doo, this low-density, high-impact composite material provides just the right combination of elasticity of polypropylene to absorb impact and rigidity of long fiber glass to ensure structural integrity.

SPARK

iTC | iBR | CLCS

NORTH AMERICA'S BEST-SELLING WATERCRAFT²

The most accessible watercraft you can buy today. From the brand that pioneers innovative breakthroughs. More affordable, fuel efficient and easier to maintain than any watercraft on the market. Choose from five attention-grabbing colors and numerous customization options and accessories.

COLOR OPTIONS: ☐ Vanilla ☒ Orange Crush ☐ Bubble Gum ☐ Pineapple ☐ Licorice

¹ Optional with HO engine.
² Based on year-to-date (July) numbers for the 2014 season.

ROTAX 900 ACE / 900 HO ACE ENGINES
The Sea-Doo SPARK's Rotax 900 ACE engine is the most fuel-efficient on the market, using just 1.94 gallons (7.34 L) of fuel per hour³. The higher-horsepower, faster-accelerating Rotax 900 HO ACE uses just 2.4 gallons (9 L) per hour³.
³Based on BRP internal testing.

OPTIONAL VARIABLE TRIM SYSTEM (VTS™)
Adjust the angle of the nose of the watercraft higher for more stability at higher speeds. Or adjust it lower for towing and quick starts. This optional feature is available with SPARK models equipped with iBR.

PICK AND FIT YOUR SPARK IN 6 SIMPLE STEPS

VISIT YOUR DEALER EARLY IN SEASON TO RESERVE YOUR SEA-DOO SPARK
AND SELECT THE BEST CUSTOMIZATION OPTIONS FOR YOU.

SELECT THE NUMBER OF PASSENGERS

Sea-Doo SPARK 2up
Capacity: 2 persons / 350 lb (159 kg)

Sea-Doo SPARK 3up
Capacity: 3 persons / 450 lb (205 kg);
an ideal capacity for 2 adults and 1 child

PICK YOUR ENGINE

Rotax 900 ACE¹ – The most fuel-efficient engine on the market² allows the Sea-Doo SPARK to reach a top speed of 40 mph (64 km/h)³

Rotax 900 HO ACE – A more powerful engine with better acceleration allows the Sea-Doo SPARK to reach close to 50 mph (80 km/h)³

ADD THE FIRST ON-WATER BRAKE

With our exclusive Intelligent Brake and Reverse (iBR) system you can stop up to 100 feet (30 m) sooner⁴ than other watercraft. Plus, get added maneuverability and simple docking.

ADD THE CONVENIENCE PACKAGE

It's a package that adds great value with two of our most popular optional features. Get the Front Storage Bin Kit and bring along your personal belongings. And make reboarding easier with the Sea-Doo Step.

PICK YOUR COLOR

Choose from Vanilla, Orange Crush, Bubble Gum, Pineapple or Licorice colorations and personalize your Sea-Doo SPARK watercraft to match your taste.

PERSONALIZE IT

Select fully integrated accessories and one of our 26 Attitude Graphic Kits that will make your Sea-Doo SPARK unique to you. It's a unique customization nobody else offers.

ADD THE FINAL TOUCHES THAT MAKE IT YOUR OWN.

A full lineup of accessories lets you customize your Sea-Doo SPARK to fit the way you want to ride it. Riding gear, sportswear, added storage and more – it's all here. Find your ideal fit at sea-doo.com.

ATTITUDE GRAPHIC KIT

SEA-DOO STEP

SNAP-IN FENDERS

¹ Featured exclusively on the Sea-Doo SPARK 2up without Intelligent Brake and Reverse (iBR). ² Based on BRP internal testing.
³ Based on BRP internal testing. Actual top speed may vary depending on loading and other conditions. ⁴ Based on BRP internal testing and commercially available competitive models as of August, 2014; iBR is not available on the SPARK 2up with the Rotax 900 ACE engine.

Visit sea-doo.com/build for more details.

THE **PROOF** IS IN THE WORDS OF THOSE WHO'VE TAKEN A RIDE.

The SPARK is **LIGHT, FUN, NIMBLE** in the water and remarkably stable.

Pro Rider Magazine

An exoskeleton-like deck design hides **REAL RIGIDITY AND SUPPORT** behind a stylish, minimalist exterior.

Boating Magazine

It is easy to assume that Sea-Doo would give up performance and capability by meeting all of the "Clean, Affordable, Fun, and Easy to use" goals they had when creating the SPARK, but after riding it I think it's **PRETTY MUCH PERFECT**.

Rideapart.com

The Sea-Doo SPARK is expanding the entry level of boating. At **HALF THE WEIGHT AND HALF THE PRICE**, you can still have all the fun on the water.

Boating Writers International (BWI) judges

“Hours after my ride **I COULD STILL TASTE THE ADRENALINE.**”

Ann Dermody, member of the BWI judging panel for the NMMA Innovation Award.

The way it makes me feel when I squeeze the throttle! **AWESOME!**

William Sniderhan – Member of Sea-Doo Facebook Community

After a 5-minute tutorial I was riding alone into the waves. It'd been 15 years since my last experience captaining a small craft, but **IMMEDIATELY I FELT IN CONTROL**, aiming at a wave, pressing the throttle full speed ahead.

Stephen Regenold, The Gear Junkie

If you're in the market for **PLAYFUL, FUEL-EFFICIENT, AND STYLISH** watercraft, you should consider the Sea-Doo SPARK. Starting at \$4,999, it delivers fun, control and speed at a great price.

Fredrick J. Goodall, Mocha Man Style

“The design's cool. It looks like a little stealth fighter. You pop out of the water when you want to pop out, the back end whips out... It's just good fun.”

DEADMAU5, ON THE SEA-DOO SPARK

Grammy-nominated artist and electronic music producer.

INTELLIGENT BRAKE AND REVERSE

Exclusive to Sea-Doo watercraft. Stop your watercraft with the squeeze of a lever – for more safety and effortless docking.

REBOARDING STEP

Makes it easy to get back on after having fun in the water. Fold-down design.

VARIABLE TRIM SYSTEM (VTS)

Adjust the nose angle of the watercraft higher (stability at high speeds) or lower (for towing and quick starts).

GTI SE 130 / 155

ITC / **iBR** / **CLCS** / **ECO**

KEEP YOUR FAMILY RIDING LONGER WITH ADDED FEATURES AND EVEN MORE VERSATILITY.

The GTI SE models come with numerous standard features that have made these watercraft popular for families looking for great days together on the water. Like a touring seat, VTS, reboarding step and more. Also, our exclusive Intelligent Brake and Reverse (iBR) system gives you the only watercraft with an on-water brake, which lets you ride with more confidence and control.

COLOR OPTIONS: ● Manta Green & White (GTI SE 130 only) ● Maldives Blue & White

TOURING SEAT

Plush, ergonomic design provides maximum comfort and support for rider and passenger.

OPTIONAL RETRACTABLE SKI PYLON

Features built-in spotter grab handles and retracts when not in use so it's out of the way.

ADDITIONAL COLOR OPTION: MALDIVES BLUE & WHITE

CRUISE CONTROL
An activity-specific cruise control lets you set your speed for cruising, tow sports, navigating a no-wake zone and more.

HIGH-PERFORMANCE VTS
Quickly accessed on the handlebar for fine-tuned handling based on rider preference, water conditions and number of passengers.

SKI TOW EYE
Pull your friends and family with this easy setup that lets you dive into tow sports.

GTI LIMITED 155

ITC / iBR / CLCS / ECO

ULTIMATE VERSATILITY AND FUN.

By upgrading to the Sea-Doo GTI Limited 155, you get exclusive features available only with our Limited package, including a unique, premium coloration, watercraft cover and high-performance VTS. And you still get the exclusive Intelligent Brake and Reverse (iBR) system. This distinct watercraft gets you closer to unlimited family fun.

TOURING SEAT
Plush, ergonomic design provides maximum comfort and support for driver and passenger.

LIMITED PACKAGE
Watercraft cover, removable dry storage bag, safety kit and exclusive coloration. Other Limited features include time/distance to empty, altitude and high-performance VTS.

WAKE 155

WAKE PRO 215

TOW SPORTS

Made for those who can't imagine water without the sports. These are the only truly dedicated tow sport watercraft, and they deliver versatility that makes wakeskating, wakeboarding and tubing – you name it – as fun as possible. Loaded with essential exclusive features for these sports and designed with trendsetting details and style, the Sea-Doo WAKE watercraft are for riders seeking an edge.

3-POSITION SKI PYLON
Retractable so it stows away when not in use. Features spotter handgrips and rope storage.

BOARD RACK
Comes standard. Removable; carries your board on the side to get to your favorite riding spot.

WAKE I55 / WAKE PRO 215

ITC / IBR / S³ / CLCS / ECO

MADE SPECIFICALLY FOR TOW SPORTS.

Both Sea-Doo WAKE models include a retractable ski pylon with a high tow point that keeps the rope out of the water. Plus, you get our exclusive Ski mode and a removable board rack. And to get even more from your tow sports, the WAKE PRO 215 offers a supercharged engine and our exclusive S³ Hull for added stability when towing wakeskaters and wakeboarders. These watercraft are why BRP Sea-Doo is the official partner of the Nike[®] Wakeskate Team.

¹ WAKE PRO 215 model only.

SKI MODE
This exclusive Sea-Doo feature makes any driver an expert in no time, with five acceleration profiles to get you going and moving just like the pros.

OPTIONAL SEA-DOO CARRIER DRY STORAGE BAG BY OGIO
Completely waterproof with plenty of storage for stowing away your gear.

GTX Limited iS 260

GTX S 155

GTX Limited 215

LUXURY

For those seeking the highest level of comfort, technology and performance – without compromises. These are larger watercraft, stylish, elegant and packed with quality features made for long rides in a variety of conditions. And you can tailor your experience just the way you like it with our industry-exclusive suspension options for stable and predictable performance, as well as optimal comfort. These are called Luxury watercraft, so you have certain expectations. We'd like to help you surpass them.

TILT STEERING

Fit it to your personal riding preference, so rider ergonomics work for you on the water.

CRUISE CONTROL

Set your speed for cruising, tow sports, navigating a no-wake zone and more.

INTELLIGENT BRAKE AND REVERSE

Exclusive to Sea-Doo watercraft. Stop your watercraft with the squeeze of a lever – for more safety and effortless docking.

GTX I55 / GTX S I55

LUXURIOUS VALUE: ALWAYS IN STYLE.

Comfort and added features highlight two watercraft built to take you farther and let you ride as long as your next great day on the water will allow. And the GTX S I55 model includes unmatched comfort you can only get on a watercraft with suspension. Others might try to simulate that comfort, but no seat design can produce the same feeling.

¹ GTX S I55 model only.

ITC / **IBR** / **S** / **S³** / **CLCS** / **ECO**

SUSPENSION

5.5 inches (13.97 cm) of travel. Manually adjustable suspension to give you a smooth ride in all water conditions. (Available on GTX S I55 model)

FRONT DRY STORAGE COMPARTMENT

Plenty of storage for stowing away your gear.

ECO MODE

Automatically determines the most economical power delivery for the greatest fuel economy.

GTX Limited iS 260 model shown

INTELLIGENT SUSPENSION

Allows the hull to move independently of the upper deck, isolating rider and passenger from the impact of rough water. Electronic adjustment, manual or automatic. (Available on the GTX Limited iS 260 model)

CRUISE CONTROL

An activity-specific cruise control lets you set your speed for cruising, tow sports, navigating a no-wake zone and more.

SPEED TIES

Retractable mooring lines stow away when not in use. One in the bow and one in the stern.

GTX Limited 215 / GTX Limited iS 260

iTC / iBR / iS¹ / S³ / CLCS / ECO

WHERE “EVERYTHING” COMES STANDARD.

The Limited package exclusive to these watercraft makes them the most fully featured members of the Sea-Doo lineup. The GTX Limited 215 model takes you further into the luxury watercraft experience with several unique features. And the GTX Limited iS 260 model adds the Intelligent Suspension (iS) system and a more powerful engine. Ride longer, and in all conditions, with the ultimate on-water experience.

¹ GTX Limited iS 260 model only.

TOURING SEAT

Plush, ergonomic design provides maximum comfort and support for driver and passenger.

EXCLUSIVE LIMITED PACKAGE

Watercraft cover, removable dry bag, safety kit and exclusive coloration. Plus, depth finder and speed ties, glove box organizer, water temperature, high-performance VTS and more.

GTR 215

RXT 260

RXT-X aS 260

RXP-X 260

PERFORMANCE

Because maximum thrills on the open water come from every last ounce of capability you can squeeze from a watercraft. These are rides that redefine performance through exclusive hull designs, ergonomics and technologies, and include features that make handling intuitive, comfortable and responsive. All this creates advantages you can use to finish ahead of the rest. Like the Sea-Doo X-TEAM riders did by winning 14 of the 15 available Pro class podiums on their Sea-Doo RXP-X watercraft at the 2013 IJSBA World Finals. Whether it's open water or navigating buoys, these watercraft let you harness superior performance.

HIGH-PERFORMANCE VTS
For adjusting the attitude of the watercraft based on riding conditions and for quick access.

SUPERCHARGED ENGINE
Offers more power than the closest competition.¹
¹ Source: Air Resources Board website.

INTELLIGENT BRAKE AND REVERSE
Exclusive to Sea-Doo watercraft. Stop your watercraft with the squeeze of a lever – for more control and effortless docking.

GTR 215

ITC / **IBR** / **CLCS** / **ECO**

NIMBLE PERFORMANCE. PEAK VALUE.

It's the best value of any performance watercraft package. And it comes with a supercharged engine that offers more power and acceleration than the competition. The GTR 215 model also gives you better handling and versatility. That's because it can be tuned easily with aftermarket accessories. You'll also stay dryer under moderate chop than on other models thanks to the anti-splash design in its hull.

FRONT STORAGE COMPARTMENT
Plenty of storage for stowing away your gear.

OPTIONAL SEA-DOO RIDING BOOTS AND AMPHIBIOUS RIDING GOGGLES
The strong, lightweight goggles float and are designed to conform to your face and offer 100% UV protection. High cut neoprene boots for added comfort, grip and protection.

DRIVING CENTER
25-function digital information center featuring touring and sport modes, cruise control and ECO mode.

INTELLIGENT BRAKE AND REVERSE
Exclusive to Sea-Doo watercraft. Stop your watercraft with the squeeze of a lever – for more control and effortless docking.

HIGH-OUTPUT ENGINE
Provides reliable, ultra-high performance in salt and fresh water, giving you more power and efficiency.

RXT 260

POWER AND PERFORMANCE THAT'S MORE ACCESSIBLE THAN EVER.

Includes the performance essentials of higher-priced models – without busting your budget. You get control, precision and handling with this ride – plus great horsepower for this price level. And the stepped S³ Hull means you'll stay glued to the water. It's calibrated for pure performance riding.

ITC / **IBR** / **S³** / **CLCS** / **ECO**

TILT STEERING
Fit it to your personal riding preference, so rider ergonomics work for you on the water.

OPTIONAL FORCE PULLOVER PFD AND MEN'S X-TEAM NEOPRENE RIDING JACKET
Anatomical cut with large armholes and strategically placed mesh drain panel for riding comfort. The versatile Riding Jacket can be worn over a PFD or separately.

RXT-X aS 260 model shown

HIGH-PERFORMANCE ADJUSTABLE SUSPENSION
Using superior-grade, high-performance shocks made by FOX[®] with full preload and compression manual adjustability. (Available on RXT-X aS 260 model)

BOW STABILIZER
Provides lateral stability in rough water conditions, plus anti-dive to reduce bow diving. (Available on RXT-X aS 260 model)

RXT-X 260 / RXT-X aS 260

ITC / iBR / aS¹ / S³ / CLCS / ECO

THE ULTIMATE IN OFFSHORE PERFORMANCE.

Large bodies of water won't know what hit them. These muscular performance watercraft deliver size, speed, strength and stability in rougher conditions. The Sea-Doo RXT-X aS 260 adds a fully adjustable suspension, so you can ride with more focus, stay relaxed and experience less fatigue.

¹ RXT-X aS 260 model only.

ADJUSTABLE TRIM TABS
Designed to fine-tune the attitude of the watercraft and provide better parallelism to the water. Five distinct positions provide ample adjustment range to cover all water conditions. (Available on RXT-X aS 260 model)

ADJUSTABLE REAR SPONSONS
Improves lateral stability. Three-position adjustable for your skill level and riding environment.

“The BEST machine on the market... Love the way it leans into the turns and how the T³ Hull handles rough water, plus the Ergolock system keeps you tight on it.”
– Jared Moore, 2013 IJSBA Pro Open World Champion on his Sea-Doo RXP-X 260.

T³ HULL
Innovative, multistaged design with extreme hard chines in the back and soft chines in the front. Allows for more precise cornering, enhances lean-in, cuts water and tracks better; extremely responsive.

ADJUSTABLE REAR SPONSONS
An efficient design that improves lateral stability. Three-position adjustable for your skill level and riding environment.

ADJUSTABLE ERGONOMIC STEERING (A.E.S.)
Fully adjustable handlebars to customize your riding experience.

RXP-X 260

ITC / iBR / T³ / CLCS / ECO

THE ULTIMATE IN HANDLING AND CONTROL.

It pushes the limits of what's possible in race riding. Through agility, power, sharp handling, precise cornering and innovative design. And its exclusive Ergolock system reduces fatigue and keeps your upper body more relaxed because you can “lock” your legs into the narrow seat. So you become one with your watercraft and it can fulfill its main purpose: giving you every possible advantage.

ERGOLOCK SYSTEM
A narrow racing seat, specially angled footwells and Adjustable Ergonomic Steering (A.E.S.) allow you and the machine to become one. With your lower body locked in, you're in full control of the machine.

TRIM TABS
Designed to fine-tune the attitude of the watercraft and provide better parallelism to the water.

RIDING GEAR
ACCESSORIES
GENUINE PARTS

MAKE EXCITEMENT PART OF YOUR
COMPLETE LIFESTYLE.

Just because you want riding gear that will help you push the limits of excitement on your personal watercraft doesn't mean you can't make a personal statement about who you are when you're enjoying life away from the water. Own the best of both worlds with riding gear and accessories that were born to enhance your experience, and sportswear that says you're more than just a passenger on the ride of life. Embody excitement on and off the water with the new and complete 2015 Sea-Doo riding gear and accessories lineup, coming to your local Sea-Doo dealer and online at store.sea-doo.com in January 2015.

MORE FUN THAN YOU'VE EVER IMAGINED STARTS RIGHT HERE. FIND THE IDEAL WATERCRAFT FOR YOU AT SEA-DOO.COM.

©2014 Bombardier Recreational Products Inc. (BRP). All rights reserved. ™, ® and the BRP logo are trademarks of BRP or its affiliates. Products are distributed in the USA by BRP US Inc. iGTX is a registered trademark of Castrol Limited used under license. ®All other trademarks are the property of their respective owners. BRP reserves the right at any time to discontinue or change specifications, prices, designs, features, models or equipment without incurring obligation. Watercraft performance may vary depending on, among other things, general conditions, ambient temperature, and altitude, riding ability and rider/passenger weight. All product comparisons, industry and market claims refer to new sit down PWC with 4-stroke engines. Testing of competitive models done under identical conditions. Some models shown may depict optional accessories. Some pictures depicted in this brochure include professional riders and wakeboarders executing maneuvers under ideal and/or controlled conditions. Do not attempt any of these, or any other risky maneuvers, if they're beyond your level of riding or wakeboarding ability, as well as your understanding and respect for the performance of your personal watercraft. Always consult your PWC dealer when selecting a watercraft for your particular needs, and carefully read and pay attention to your Operator's Guide, Instructional Video, and the on-product labeling on your personal watercraft. Always drive responsibly and safely. Severe injury can result from ignoring warnings, not following the instructions or improper use of watercraft and related products. Use common sense and courtesy. Always observe applicable local laws and regulations. Respect the rights of, and keep a safe distance from, other recreationists and/or bystanders. Always wear the appropriate protective clothing, including a Coast Guard-approved P.F.D. as dictated by the circumstances including, but not limited to, the weather, boating conditions and age and abilities of the occupants. Don't operate your watercraft under the influence of drugs or alcohol.

Protect your watercraft with the B.E.S.T. Protection Plan out there! By being a member of these important industry associations, we recognize and support their efforts in sharing the responsibility of promoting the growth of our sport. Sea-Doo watercraft riders know that riding responsibly and safely is always more fun. Smart Sea-Doo riders wear appropriate protective clothing and never drink and ride. Always ride keeping a substantial distance between yourself and others. Every Sea-Doo watercraft comes with a safety/instructional video and an operator's guide as standard equipment.

THE WORLD IS OUR PLAYGROUND

Nothing is more valuable than your playtime. That is why BRP is dedicated to continually finding new and better ways to help you enjoy your favorite powersports. From snow to water to both on- and off-road fun, our passion for adventure fuels the innovations that result in the ultimate powersports experience for our customers. We value

the land and water we play on and are committed to protecting it. Our desire to thrill is paired with an emphasis on rider responsibility, placing personal safety above all else. So that each outing can be the most enjoyable, memorable and thrilling experience possible. Because your free time should always be your best time.
